5 2 3

Stunningly rejuvenated bringing this heart-warming 1920s brick residence into the 21st century, and wonderfully located in a quiet and convenient pocket of Surrey Hills, this memorable 4 bedroom + study/5th Bedroom, 2.5 bathroom home has indoor and alfresco highlights that will capture the imagination of families on this generous 830sqm (approx) block without heritage overlay.

This immaculate residence is the best of both worlds when it comes to period and modern appeal.
