

Elevated Family Grandeur

4 3 4

Presented to perfection and designed to truly impress this Georgian style mansion displays the ornate dcor, luxurious space and family comfort that allow an air of informal elegance to exist within a formal environment. Ten main rooms allows each family member to find their own place and with four bedrooms, plus formal and casual living and dining rooms- as well as a superb study- there is no shortage of space for living, dining, working from home and entertaining.

Words barely describe the stunning quality and detail that has been invested in this exquisite dcor which is complemented by gorgeous swag 'n' tail drapes and the sunshine filters through leadlight glass to create attractive and impressive rooms. Timber cabinets add warmth to a kitchen that overlooks an enormous family room with bar- the entertaining here usually continues alfresco in the covered paved and low maintenance rear
