

Brighton's Best Apartment

2 1 1

The speed with which these stylish contemporary apartments have been snapped up reflects their commitment to quality, the allure of their luxury and, perhaps best of all, the appeal of their location. Only two opportunities remain to capture state-of-the-art spaces, created with signature flair by The Silver Arc Architecture And Design group. Open-plan living/dining domains, expansive entertaining decks, two bedrooms and beautiful bathrooms define elegantly low-maintenance, impressively appointed floor-plans. The convenience of secure parking complements total comfort in a prominent address that ensures significant lifestyle.

4/461 New Street
