

A Timeless Classic With Plenty Of Modern Flair

2 1 2

Classic architecture and modern design elements combine harmoniously to present this renovated two-bedroom red clinker brick home, located in a premium setting that's within a stone's throw of shops, transportation, scenic parks and Deakin University. Timeless period features including soaring high ceilings with classically designed cornices, ceiling roses and polished timber floorboards underfoot complement the modern style infused throughout the spacious, single-level floorplan, which incorporates opulent formal lounge and dining settings (lounge with gas log fireplace with marble mantle), plus a five-star kitchen that impresses in so many ways. Magnificent CaesarStone tops the benches, while stainless steel Miele appliances will have you cooking in style. Modern cabinets, sleek glass splashback and colour-matched Miele dishwasher completes the stylish look. Modern luxury extends to the 9A Hyslop Street
