

High-End Living Has A New Benchmark

6 4 5

High-end living has a new benchmark with this ultra-modern, custom-designed work of art, nestled peacefully at the head of a court oasis in a premium Brighton East location.

Set on a large 946sqm allotment and boasting a six-star energy rating, opulent features are bountiful. Meticulous attention to detail is showcased throughout the luxurious three-level layout, beginning with the home's stately Northern European-style Portico that's tucked securely behind antique BHP Steel lacework fence and gates. Double-glazed iron doors then open on to a magnificent entrance hall, backdropped by a solid timber staircase and lined with reclaimed Brushbox wide board timber floors that gleam beneath the soaring high ceilings that highlight the home's grand persona.
