

Stylish Apartment Living at its Best returning \$830 per week!!

2 1 1

This unique apartment has uninterrupted views across to the bay from Port Melbourne to the Mornington Peninsula on one side of the living area, the gorgeous city of Melbourne on the other flowing across the Botanic gardens and Yarra River and over to the Dandenong Ranges.

It has been renovated to an exceptional standard from its unique polished concrete floor to including an exemplary attention to detail in each of its fixtures and fittings. Spacious open plan living and large windows give a roomy open feel to the apartment and each detail of the renovation reflects the desire to bring the outside in as part of the design. The kitchen contains high end appliances and cabinetry and a small study nook at the end of the granite bench. All appliances have been built in, leaving nothing to bring

213/22 Kavanagh Street
