

A Brilliant Renovation With The Wow Factor

4 2 1

There is a definite wow factor to the brilliant top to bottom renovation that has completely transformed this unassuming single fronted house into a deceptively spacious 4 bedroom, 2 bathroom family home. Thoughtfully conceived to create distinct zones that meet the needs of all the family the biggest wow is in the upstairs and very private parents retreat incorporating a huge lounge with full width balcony, a spacious master bedroom also with balcony and separate walk-in robe and beautifully tiled dual vanity bathroom which has its own wow with a clear glass ceiling above the shower.

The main living space below incorporates living and dining with a bar tucked discretely to the side. This already substantial space opens up via sliding glass doors to extend onto a paved and grassed courtyard for alfresco dining or entertaining. At the opposite end an entertainers' kitchen features a Caesarstone
