

Private Inner City Oasis

4 2 2

You would never expect to find a contemporary house in traditional East Melbourne, but tucked down this private lane is an architect designed gem that is sure to please the most discerning buyer. Boasting high ceilings, polished concrete and hardwood floors, split system heating and cooling, sound insulation and high end fittings, it provides the ultimate in convenience and privacy. Entry to the property is along a path with tall bamboo in pots, which provides screening from the neighbours. The downstairs area has two spacious robed bedrooms with individually controlled under floor heating, study/4th bedroom, laundry, family bathroom and the remote controlled double garage.
