

A Masterpiece of Contemporary Design for Inner City Living

3 2 1

Entering this contemporary, architect designed home with its soaring ceilings, and views across Richmond to the city, you will be captivated by the sophisticated design and superior craftsmanship. From the impressive front door, to the majestic staircase, concealed lighting, external shutters and superb finishes, no expense has been spared in providing the ultimate in luxury accommodation.

Set over three levels, it showcases zoned living spaces and tasteful design, coupled with the convenience of inner city living. The main living areas on the middle level comprise a sun drenched formal sitting room with gas log fire, opening to a north facing balcony, a spacious family room and a stunning marble kitchen with concealed lighting, copious storage and Miele appliances. The balcony alfresco area
