

Striking architectural home, providing ideal space for lifestyle and luxury living.

3 3 2

Designed by award-winning KUD architects, this property is all about making bold, impactful statement. Outside, the sharp, linear lines and bold textures set the scene for what's to come.

Conveniently lit steps guide you through to the frosted glass door, and into the formal lounge which features Classic oak timber flooring and is clad in a feature marble wall with a central electric fireplace to warm the coldest of winter nights.

A stunning curved wall leads you past a central bathroom and beautifully tucked away European-style laundry with bi-folding doors.
