

## Spacious and stylish Richmond terrace

2 1 1

With stunning proportions that will astonish, ultra-contemporary interiors that will delight, and an inspired Richmond location which is so close to the action, this surprisingly quiet and stylish 2 bedroom residence is the complete inner city package!

Aside from the beautiful façade, exposed brick features, and original fireplaces that have been magnificently maintained, this home has been completely rebuilt, from the sleek and modern interiors to new electrical works and plumbing. A long entry hallway will be your wonderful first impression, with sublime Blackbutt timber flooring complemented by exposed brick which perfectly balances the old and the new. There are 2 bedrooms located at the front of the dwelling, each with fantastic space, built-in robe storage, and the aforementioned fireplaces.  
359 Burnley Street
