On a cobbled blue stone lane with its unique, eclectic mix of modern and heritage facades, including its neighbour, Grand Designs Australia featured 5x4 residence, this generous Townhouse enjoys high ceilings, great proportions, and city glimpses.

The upper levels' open plan living and dining room enjoys an abundance of natural light with hard wood floors, leading through floor to ceiling glass sliding doors to an entertainer's deck large enough for dining and lounging after long Sunday lunches. Offering plenty of work bench space and storage the kitchen includes a stone island bench with breakfast bar recess and European gas appliances.
