

## First-Class Easy-Care Living in Iconic Locale

2 2 1

Representing the opportunity to reside in the exclusive Metropolis building this luxuriously appointed apartment has everything needed for a first-class inner-city lifestyle.

Commanding attention thanks to its striking Art Deco-inspired facade, the building's sumptuous lobby with residents' lounge makes a lasting first impression, but it is the 2-bedroom, 2-bathroom residence itself - along with its incredible vistas - that will really astound.
