

## Bright and Stylish Living within Envidable Location

3 2 2

Comfort and convenience have never looked better than this stylish single level opportunity that not only boasts a conducive light-filled layout but a picturesque position to match.

Landscaped gardens and plenty of off-street parking are the perfect pre-cursor to a flowing floor plan that begins with quality timber flooring and a warming semi-formal lounge. Head through to a central kitchen with elegant bench tops and stainless steel appliances including a built-in gas cook top, range hood and oven, as well as a convenient meals space.
