

## Surprising Space in a High Calibre Locale

5 4 2

Prepare for a surprise within this stylish contemporary residence, as it provides accommodation which is too good to be true. Fronting the street, with no shared land and demanding the lowest maintenance, the five-bedroom home will appeal to the largest families hunting comfort, convenience and a hard-to-find floorplan. Opening to reveal honeyed hardwood floors beneath elevated ceilings, the layout flows past a valuable home office with built-in workstations to the supersized living and dining zone. Desirably open plan with space galore to entertain in style, this area spills to the high-quality kitchen where stone benchtops and premium Miele appliances are headline inclusions.
