

Breathtaking Quality in a Premium Locale

4 3 6

Luminous natural light permeates every corner of this brand-new residence, which has been designed to add a prominent not dominant presence to the leafy streetscape of this prestige pocket. With a striking double-gabled façade, enormous expanses of double-glazed glass and a pared back colour scheme, the interiors of this exceptional home are a perfect match for the beautifully landscaped gardens which culminate in a sundrenched north-facing pool.

The two distinct sections of the property create a natural zoning for the accommodation, which is welcomed by a massive glass pivot door that swings open to views of a framed atrium garden.

13 Golding Street
