3 2 3

Taking in far-reaching views as far as the eye can see, this charming 3-bedroom weatherboard on approx. 2024sqm is the ideal setting for your much desired tree-change. Ready to be enjoyed as is, there is also plenty of scope - and lots of space - for you to create a spectacular 'forever' home on this sprawling, semi-rural paradise.

The home, as it stands, comprises three generous bedrooms (main with built-in robes), the flexibility of dual living zones and a well-equipped gourmet kitchen where a freestanding oven and dishwasher are highlights. A spa bathroom and full laundry are also included along with a wood-burner fireplace, ducted heating and air-conditioning. A double garage is an invaluable inclusion - the elevated home also has carport parking underneath and a handy workshop area.
